INDIA'S LARGEST RANGE OF
ELECTRIC COMMERCIAL VEHICLES

EKA UPDATES

EKA Mobility, a leading electric vehicles and technology company, today announced an exceptional 5X year-on-year volume growth in FY 2025–26. The company sold 1,143 units and produced 1,344 electric commercial vehicles.

The Most Trusted News & Knowledge Platform

“ FY 2025–26 is a defining year for EKA Mobility. We are not only scaling volumes but also expanding our manufacturing footprint by adding a new plant recently and increasing our planned annual capacity to 10,000 buses, 6,000 trucks and 24,000 SCVs. With the widest range of fully homologated, born-electric platforms—from last-mile to long-haul—we are uniquely positioned as a full-stack EV company. Our growth across electric buses, small commercial vehicles, and now trucks validates both market demand and our execution capability.

India's transition to clean commercial mobility is accelerating, and EKA is at the forefront—driving this shift at scale, with technology, innovation, and global ambition. ”

DR. SUDHIR MEHTA
FOUNDER & CHAIRMAN
EKA MOBILITY
